Research Staff Directory (RSD)

Fourth edition 2016

Introduction

Sudan Academy of Sciences is a leading post graduate university excelling in research and professional education. The academy has a strong team of experienced academic staff with diverse research interests and professional expertise in different fields of sciences.

At Sudan Academy of Sciences, almost 1519 people make up our research and academic staff, spanning a huge breadth and diversity of interests. With an aim of promote potential collaborators and make use of maximum benefits of their experiences we compiled the research expertise of SAS at our different institutes in a Research Staff Directory (RSD). This simple, directory yet powerful, captured the profiles of all the academic and research staff and provides database that showing their details, research interests and publications

I hope that you find our Research Staff Directory (RSD) useful for your information needs.

Yours

Eisa El Gaali

President: Sudan Academy of Sciences

Ministry of Higher Education & Scientific Research

Khartoum P O Box 86, Sudan

Establishment: Sudan Academy of Sciences was established as a governmental university for post-graduate studies by presidential decree on the 24th of March 2004 and was approved by the National council on 5th of May 2004.

Scientific degrees: Sudan Academy of Sciences awards post-graduate diplomas (M.Sc. and Ph.D.).

Field of study: Agriculture, Animal Wealth, Biological Sciences, Modern Technologies and Environment, Atomic Energy, Engineering Research and Industrial Technologies, Economic, Social and Humanity Studies, Energy and Earth Science, Applied Sciences and Technology, Political and Diplomatic and Food Research.

Membership: Sudan Academy of Science is a member in Sudanese Universities Union, Arab Universities Union, African Universities Union, Arab-European Universities union, the National Council of Higher Education, African Network of Scientific and Technological Institutions.

Registration: by research: continuously throughout the year. By courses: according to the announcement in newspapers.
